Instructions: Enter the answer given by the participant for each response. Set CDART Field Status to ‘Refused’, ‘No Response’, ‘Missing’, etc. for those questions that do not list these values as possible answer choices.

Introduction: Next I would like to update our records for any health issues you may have experienced. Some are questions we asked before, but we want to make sure we don’t miss anything.

I will ask you some questions that may make you feel uncomfortable. You may not feel like answering them completely or at all. Please, take your time to think through your answers. We want to understand these aspects of your health, and at the same time we want you to feel respected and comfortable. You are important to us, and your participation in the study is extremely valuable.
